Welcome wall

Principle

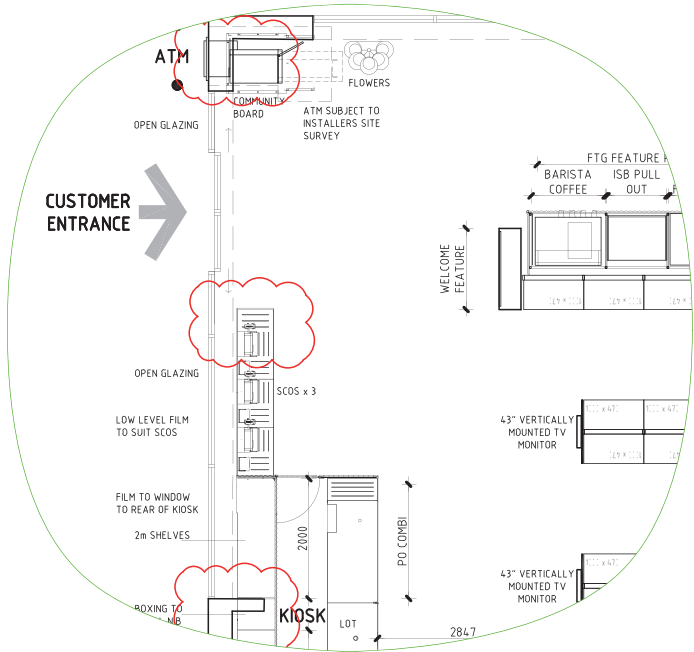

To be used wherever possible. Installation in an area close to store entrance, in a spot where it would be most visible, preferably to an aisle end. Where possible, it should also be visible externally.

Specification

Dimensions as per standard detail drawing. Aperture to suit a 75" screen to allow for flush mounting. Illuminated welcome message to be mounted above the screen. Data and power to be accessed via discrete service door on side.

Colours & Finishes

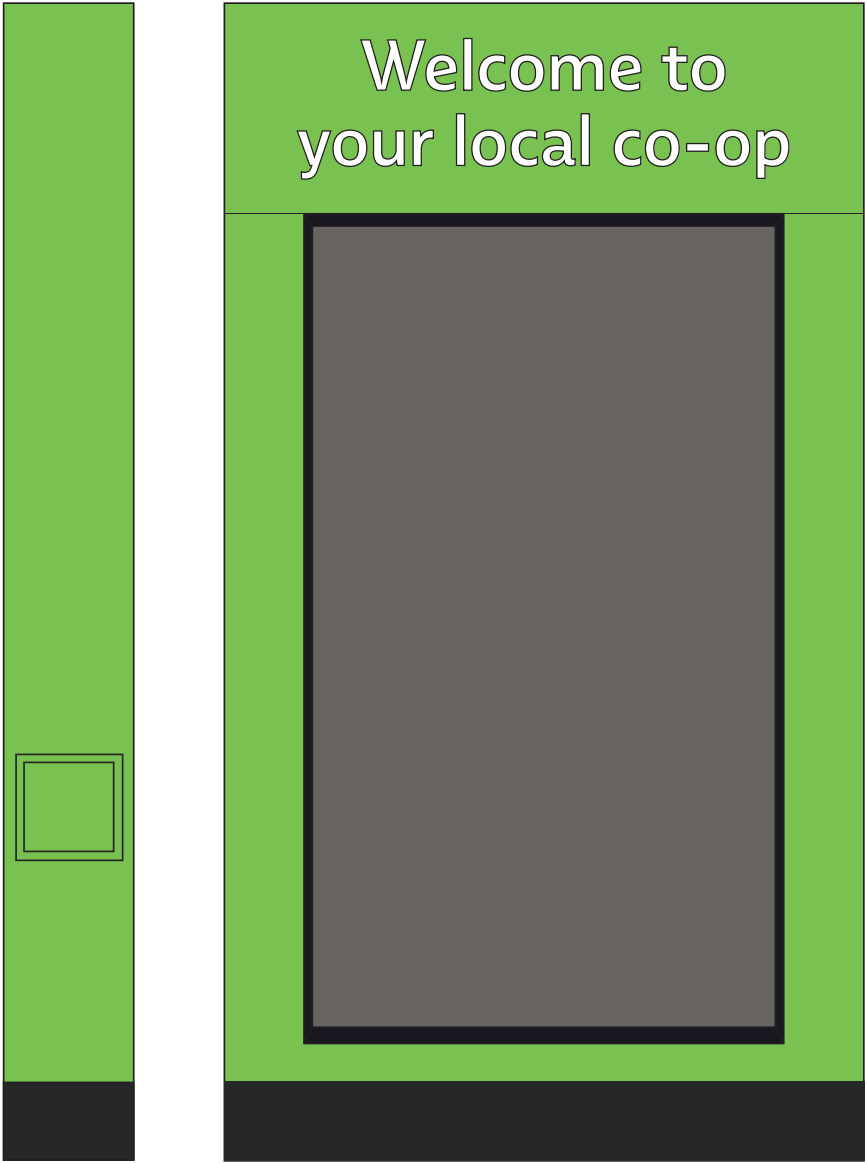

Front, rear and sides of construction in EECS corporate green. Trimmed edges and corner protection strips to match. Plinths in grey. Recess in matt black to hide cabling.

Welcome wall in-store location

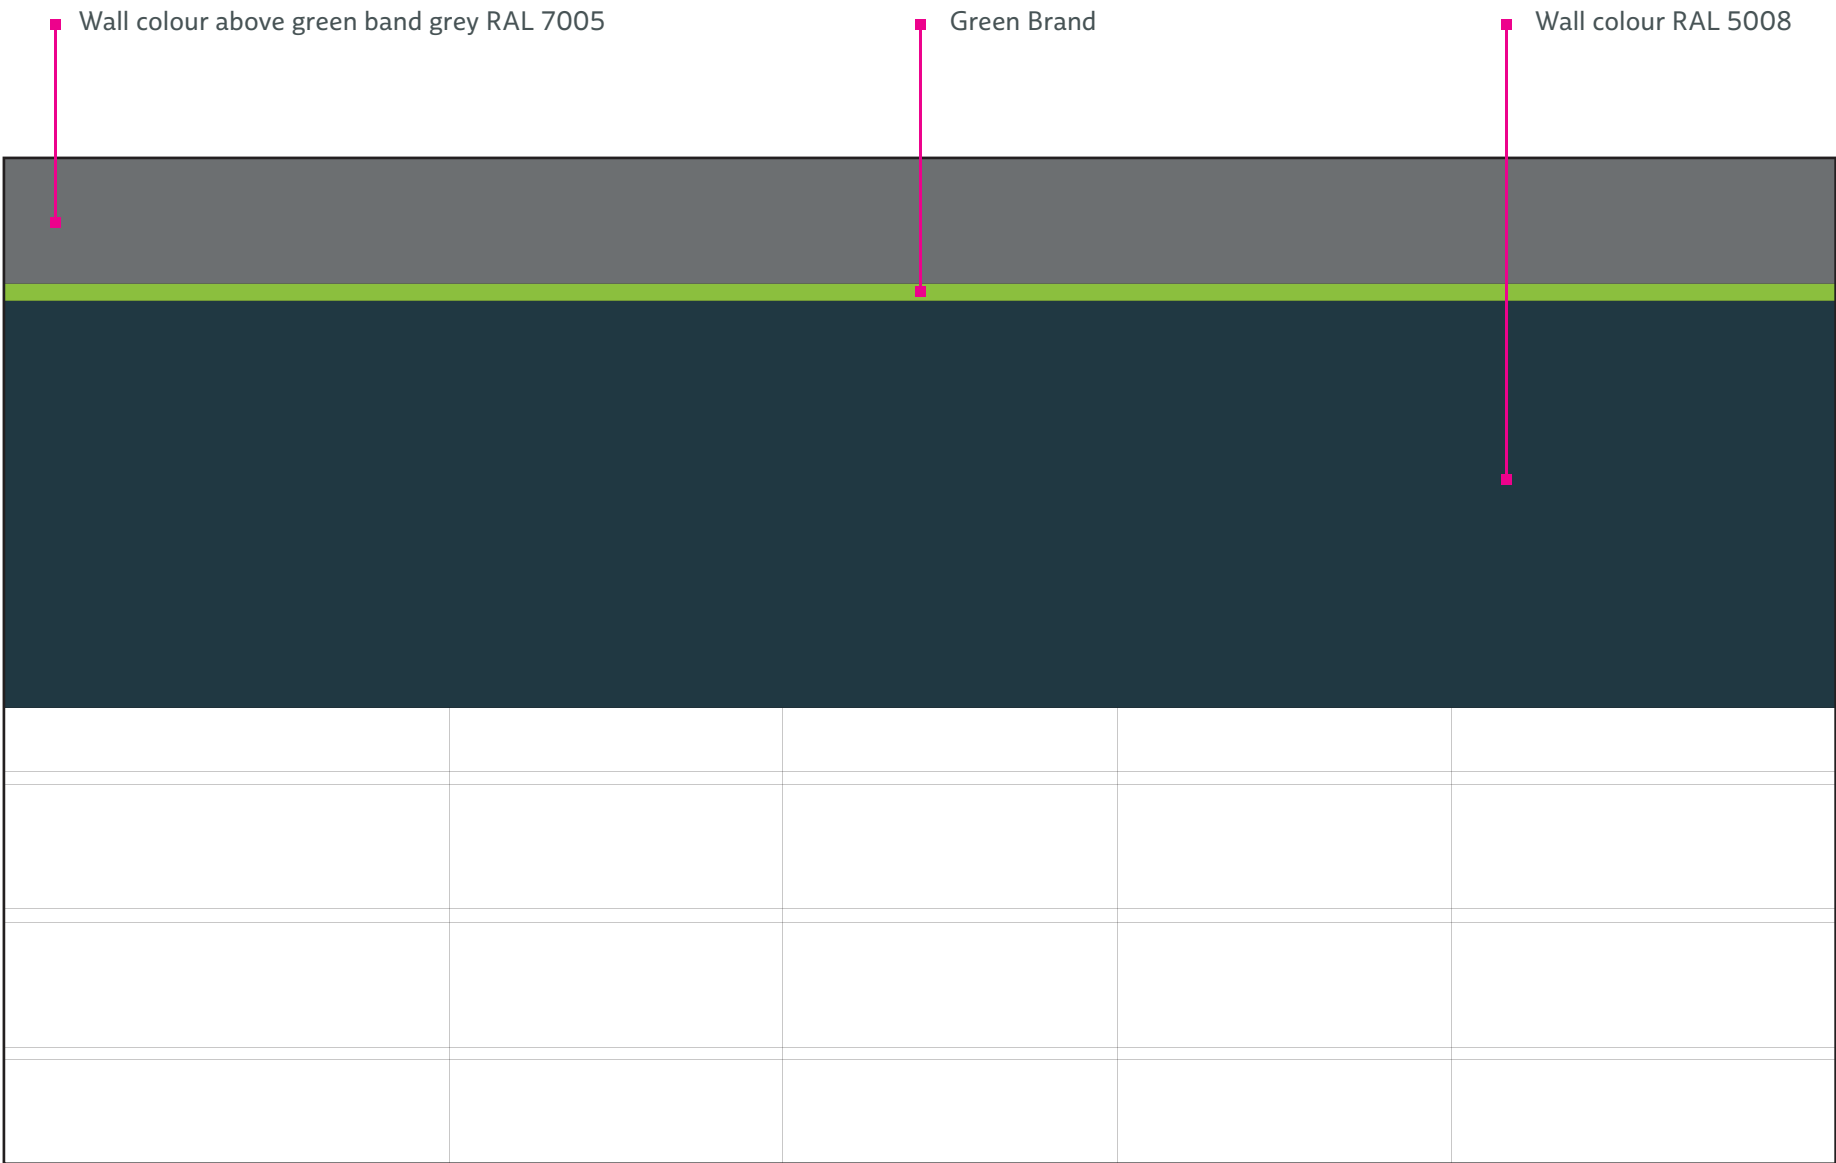

Example installation

Welcome wall mockup

Note: Do not scale - Subject to change.
Final approval pending site survey.

Wall colours

Example installation

Wall lettering

Internal

Food to go

Principle

This is installed above the bank of machines which make up a stores “food to go” offering. The layout, number and type of machines on offer will vary store to store.

Specification

Minimum height 300mm, Maximum 400mm.
Illuminated flex LEDs on acrylic carrier panels.
Fixed proud of the wall with stand off's.

Colours & Finishes

Cool white neon-flex LED with coloured led in iconography.

Example installation

Wall lettering
